About Me

Highly motivated and detail-oriented individual, proficient in **Arabic**, with a focus on networking and cybersecurity. Seeking a **Network Engineer** or **Cybersecurity Analyst** position where I can utilize my skills and knowledge to ensure the security of digital systems.

Certifications

CISCO — CISCO CERTIFIED CCNA | Cisco Networking Academy Verified — Cybersecurity Essentials

(ISC)² — CC Certified in Cybersecurity — An (ISC)² Certification

Google — Google IT Support Certificate — Certificate of Completion

Core Competencies & Tools

Network Engineering
Cisco Solutions | GNS3
Wireshark | Nmap

Cloud Computing
Azure | Web
aws

Cyber Security
pfSense | Snort | Fortinet
pfsense   SNORT
FORTINET

Kali | Nessus
Metasploit | Burpsuite
Nessus   KALI
Metasploit   BURPSUITE

Systems Engineering
Windows | Linux | VMware
Windows Server   Linux   vmware

Programming/Scripting
Python | Bash
python   BASH

Education

Coventry University (UK)

BSc (Hons) Ethical Hacking and Network Security

2nd Year

1st Year

2023
National Institute of Business Management (NIBM - Sri Lanka)
Higher National Diploma in Network Engineering

- Semester 01: System Administration 1, Network Programming Design, Principles of Information Security, Virtualization and Storage, Database Management Systems, Embedded Systems
- Semester 02: System Administration 2, Data Structures & Algorithm, Network Security, Physical Security, Cloud Computing, Internet of Things,

2022
National Institute of Business Management (NIBM - Sri Lanka)
Advanced Certificate in Network Administration

- CCNA: Introduction to Networks
- CCNA: Switching, Routing, and Wireless Essentials
- CCNA: Enterprise Networking, Security, and Automation
- PCAP - Programming Essentials in Python
- Cybersecurity Essentials

2021
WinSYS City Campus
Diploma in Networking and Security

01) CCNA New Syllabus (Routing & Switching)
(02) MCSA | 70 - 740
(03) Linux Administration
(04) Network Engineering
(05) Hardware Engineering

Experience

Projects
National Institute of Business Management - 2021 - 2023

🔗 **Risk Assessment Project using Octave Allegro**

Conducted risk assessments utilizing the Octave Allegro framework for critical assets of an online shopping company. Analyzed potential risks and vulnerabilities, assessed their likelihood and impact, and recommended tailored countermeasures for enhanced security.

🔗 **Cybersecurity Incident Response Plan Project**

Developed an IR plan with SOC (Security Operations Center) roles and methodology for a medium-sized online banking organization. Outlined procedures for identifying, responding to, and recovering from cybersecurity incidents across critical assets

🔗 **Network Engineering**

- Set up a company network using physical devices, including routers, switches, and servers
- Configured network protocols, including TCP/IP, DNS, and DHCP
- Configured security settings, including firewalls, access control lists (ACLs), and (VPNs)

🔗 **Azure Cloud**

- Implemented an environment in Azure to provide networking, virtual machines, and storage

Lead Web Design and Development Specialist
ImpactX- 2019 - 2023   🔗 Portfolio: impactx.global

As a Web Design and Development Specialist at ImpactX-, I was dedicated to combining technical excellence with creative ingenuity to produce captivating and functional websites. My role encompasses a wide range of responsibilities, including:

- Collaborating closely with clients and internal team to thoroughly understand project requirements and objectives.
- Designing visually appealing and user-centric website layouts that adhere to best practices in UI/UX design.
- Employing front-end technologies such as HTML, CSS, and JavaScript to bring designs to life and ensure seamless user experiences.
- Customizing and integrating Content Management Systems (CMS), particularly WordPress, to empower clients with easy content management capabilities.
- Conducting rigorous testing and debugging to guarantee optimal website functionality and performance.

With a diverse portfolio of clients from around the world, including Canada, UK, UAE, Pakistan, Sri Lanka, and more, I am committed to crafting websites that not only meet client objectives but also resonate with global audiences.

RECENTS CLIENTS & PROJECTS

UK	Counsellor	Sri Lanka	Ecofriendly Packaging
Fig Tree Counselling & Psychotherapy	Developed coaching website with dynamic features and client-focused design	CRITCO Est.1962	Redesigned E-commerce website reflecting the client's journey towards ecofriendly packaging
UAE DC METAL & Glass	Metal & Glass Fabrication — A company website focused on SEO to display their wide variety of services	Canada LITTLE OAKS EARLY EDUCATION	Daycare & Preschool — Web design & development of a preschool to showcase its programs and events
Canada MANGROVE TREE DAYHOMES	Dayhome Agency — An attractive and easy to use website for both parents and educators based in Calgary, Canada	UK Safiya THE COACH	Life Coach — Developed a coaching website, prioritizing dynamic features and client engagement
Sri Lanka GOShop.deals	Ecommerce Store — Setup of an ecommerce site which can cater to a many sellers and buyers with unique products	Pakistan qahwah specialty coffee	Coffee - E-commerce — A unique website for a special coffee company who brings in beans from all over the world to Pakistan

EVENTS

🔗 15th National Annual Cybersecurity Conference - 2023
Sri Lanka CERT|CC

I had the privilege of meeting remarkable individuals with insights which were eye-opening and inspired me to continue to upskill myself and contribute to this field.

Mr. Oshada Senanayake emphasized the significance of Information and Cyber Security Policy in a dynamic technology landscape, offering a comprehensive framework for secure environments. Mr. Buddhika De Alwis elaborated on effective Incident Response strategies, underlining the critical need for preparedness and quick action in the interconnected world. Attending this conference has further fueled my passion for cybersecurity. The knowledge gained, coupled with the connections made, have given me a solid foundation for my journey ahead!
